A 10x10 grid of squares. The top-left square is missing, creating a shape that resembles a staircase or a corner. The grid consists of 10 rows and 10 columns. The first row has 9 squares, and each subsequent row has one more square than the row above it, starting from the second row which has 10 squares. The total number of squares is 9 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 = 99.
